## Guidance for Getting Back on the Green: Phase Two Updated

**Effective from: 3rd July 2020**

## INTRODUCTION

Bowls Scotland continues to fully support and follow the Scottish Government guidelines relating to COVID-19, including ensuring the safety and wellbeing of all members of Bowls Scotland. Working in partnership with the Scottish Government, Public Health Scotland, **sportscotland** and our members, we have produced guidance for clubs in line with Scottish Government guidance on sport and physical activity.

As with phase one, this guidance is not a 'one size fits all' approach as we appreciate bowling facilities vary across Scotland and as such individual bowling clubs should risk assess appropriately to ensure these procedures can be implemented. There is absolutely no urgency or pressure to return to the green, please continue to err on the side of caution; clubs should not open unless all the necessary measures to ensure the safety of players and volunteers can be implemented. Players should only play if they feel fit, well and can adhere to the guidance put in place by their home clubs.

Our message remains clear that public health and wellbeing remains the most pressing priority and we all have a responsibility to do what we can to continue to suppress the spread of the virus. Any club found in breach of the guidance may be deemed as bringing the game into disrepute and be subject to Bowls Scotland disciplinary action.

## PHASE TWO:

In line with the Scottish Government's Coronavirus (COVID-19) framework for decision making and Scotland's route map through and out of the crisis (the route map), the virus is in the controlled stage, meaning small changes in restrictions for sport and leisure.

- **Effective from 3<sup>rd</sup> July:**
  - **Travel distance limit for leisure is lifted (except Scottish Governments exemption areas)**
  - **Limited club house facilities can open (toilets and first aid) if physical distancing and good hygiene can be maintained**
- **Effective from 6<sup>th</sup> July:**
  - **Bar service can resume ONLY to offer an outdoor hospitality service and if physical distancing and good hygiene can be maintained**
    - **Clubs can offer outdoor drinking spaces if physical distancing and good hygiene can be maintained**
    - **Any drink must be consumed outside of the club house**
- Spectating is permitted if physical distancing and good hygiene is maintained
- Players in the shielding category can now participate in bowling but should do so with caution
- Informal competitions within the club may resume in line with bowling activity guidance set out below
- Coaching is permitted if physical distancing can be maintained and it is in line with bowling activity guidance
- Bowling Activity Phase 2:
  - Practice individually
  - Games / informal competitions with members of your own household
  - Games / informal competitions with two other households where physical distancing can be maintained and up to a max of 8 people on a rink (Only play with 2 other households per day)

Using four sections (Clubs, Players/Members, Bowling Activity and Additional Information), we have updated each section to reflect the further ease in restrictions. Any **changes** to the guidelines from Phase one are highlighted in **yellow**. Additional changes within phase 2 are highlighted in **green**. Further updates are highlighted in **blue**.

This will be subject to review should the Scottish Government issue further advice and guidance. We would encourage you to read through all the guidance and supporting information thoroughly. If you require any additional support, please contact your National Development Officer. For general enquiries, please contact [info@bowlsscotland.com](mailto:info@bowlsscotland.com)
